

Symposium “20th anniversary of Institut Cochin”

September 29 & 30, 2022

Thursday, September 29, 2022

- 12:00 - 13:30 Welcome, Lunch
13:30 - 13:45 Introduction from the organizers

Miltenyi Session 1 - Cancer

- 13:45 - 14:15 **Keynote: Isabelle Cremer** (Centre de Recherche des Cordeliers, Paris, FR)
14:15 - 14:30 Sandrine Etienne-Manneville (Institut Pasteur, Paris, FR)
14:30 - 14:45 Diana Passaro (Institut Cochin, Paris, FR)
14:45 - 15:00 Clara Nahmias (Gustave Roussy, Villejuif, FR)
15:00 - 15:15 Michaela Fontenay (Institut Cochin, Paris, FR)
15:15 - 15:30 Steffan Eulitz (Miltenyi Biotec) [Technological presentation](#)
15:30 - 16:00 *Coffee break*

Miltenyi Session 2 - Immunology

- 16:00 - 16:30 **Keynote: Yasmine Belkaid** (NIH, NIAID, Bethesda, US)
[Multikingdown control of tissue physiology and repair](#)
16:30 - 16:45 Marc Dalod (Centre d'Immunologie de Marseille-Luminy, Marseille, FR)
16:45 - 17:00 Julie Helft (Institut Cochin, Paris, FR)
[Macrophages and cancer immunity](#)
17:00 - 17:15 Leïla Perié (Institut Curie, Paris, FR)
[Family matters: the role of single cell families in hematopoiesis](#)
17:15 - 17:30 Agnès Lehuen (Institut Cochin, Paris, FR)

Friday, September 30, 2022

Metabolism and Endocrinology

- 09:00 - 09:30 **Keynote: Michel Bouvier** (IRIC, Univ. Montréal, CA)
[Functional selectivity and spatiotemporal propagation of GPCR signaling ; opportunities for drug discovery](#)
09:30 - 09:45 Bertrand Cariou (Institut du Thorax, Nantes, FR)
09:45 - 10:00 Benoit Chassaing (Institut Cochin, Paris, FR)
10:00 - 10:15 Rémi Mounier (Institut NeuroMyoGene, Lyon, FR)
10:15 - 10:30 Roberto Mallone (Institut Cochin, Paris, FR)

10:30 - 11:00 *Coffee break*

Microbiology

- 11:00 - 11:30 **Keynote: Philippe Sansonetti** (Institut Pasteur, Paris, Shanghai, FR)
[Cellular microbiology of the intestinal crypt ecosystem: deciphering microbes-stem cell interaction in health and disease](#)
- 11:30 - 11:45 Nadine Laguette (Institut de Génétique Humaine, Montpellier, FR)
- 11:45 - 12:00 Molly Ingersoll (Institut Cochin, Paris, FR)
[Understanding the influence of biological sex on host-bacterial interactions in the bladder](#)
- 12:00 - 12:15 Miriam Lichtner (Sapienza University of Rome, Latina, IT)
- 12:15 - 12:30 Morgane Bomsel (Institut Cochin, Paris, FR)
- 12:30 - 14:30 *Lunch*

Plasticity and Reproduction

- 14:30 - 15:00 **Keynote: Claudia Mitchell** (Astellas Pharma, Tokyo, JP)
- 15:00 - 15:15 Patrick Revy (Institut Imagine, Paris, FR)
[Somatic genetic rescue in Shwachman-Diamond syndrome](#)
- 15:15 - 15:30 Antoine Zalc (Institut Cochin, Paris, FR)
[Murine cranial neural crest cells reawaken pluripotency programs](#)
- 15:30 - 15:45 François Spitz (Department of Human Genetics, University of Chicago, US)
- 15:45 - 16:00 Daniel Vaiman (Institut Cochin, Paris, FR)

Conclusion

- 16:00 - 16:30 Conclusion by Florence Niedergang
